The Virginia Geographic Information Network (VGIN) announces

<u>GIS Day 2008</u>
Wednesday, February 13, 2008
10:00 AM to 2:00 PM
At the General Assembly Building, 8th Floor WEST Conference Room

<u>Public Safety, Geography and Technology - GIS is Bridging the Gap</u>

This year the theme of the Commonwealth's GIS Day will focus attention on how the unique capabilities of GIS bring together the geography of location information and the utilization of technology to serve the critical needs of public safety.

Participants:

- *Virginia Department of Emergency Management – Emergency Management Mapping Application*
- *Virginia Department of Game & Inland Fisheries – Dispatch and Crime Analysis*
- *Dominion Power – Streamlining Restoration of Electric Outages*
- *Harrisonburg/Rockingham County Emergency Communication Center*
- *Virginia Information Technologies Agency/Public Safety Communication Division – PSAP Grant Program*
- *Alleghany/ Covington/Clifton Forge/ Regional PSAP Consolidation*

Please join us if you can!
